2016-2017 IMMUNIZATION STATUS OF KINDERGARTEN STUDENTS, CALIFORNIA

Notes on Methods

Additional precautions for student de-identification are based on school enrollment for kindergarten in the 2016-2017 school year. For schools with:

- Fewer than 20 enrollees, the data are omitted.
- 20-49 enrollees, values of 95% or higher are listed as >95%, and values of 5% or less are listed as <5%.
- 50-99 enrollees, values of 98% or higher are listed as >98%, and values of 2% or less are listed as <2%.
- 100 or more enrollees, values of 99% or higher are listed as >99%, and values of 1% or less are listed as <1%.

Additional notes:
* Number of children corresponds to the percentage range indicated in the column to the right.
† Up-To-Date: Four doses of polio vaccine (three doses are acceptable if at least one dose was received on or after the fourth birthday); and five DTaP/DTP/DT vaccine doses (four doses are acceptable if at least one dose was received on or after the fourth birthday); and two doses of measles-containing vaccine, at least one of which must be measles, mumps, and rubella combined. Both doses must have been received on or after the first birthday; and three doses of hepatitis B vaccine; and one dose of varicella vaccine or physician-documented varicella disease.
^ Conditional Entrant is a student who does not currently meet all requirements. This student must be followed up because he/she lacks but is not yet due for a required dose; has a physician affidavit of Temporary Medical Exemption for one or more doses; or is a transfer student who has no record available yet.
** A Permanent Medical Exemption (PME): granted upon the filing with the school of a written statement from a licensed physician to the effect that the physical condition of the student or medical circumstances relating to the student are such that immunization is permanently not indicated.
*** A Personal Belief Exemption (PBE), whereby a parent requests exemption from the immunization requirements for school entry because all or some immunizations are contrary to the parent's beliefs.
§ Others: Includes students reported as attending independent study who do not receive classroom-based instruction or home-based private schools or receiving IEP services.
†† Overdue for one or more immunizations.
††† 4 or more doses of any diphtheria and tetanus toxoids and pertussis vaccines including diphtheria and tetanus toxoids, and any acellular pertussis vaccine (DTaP/DTP/DT).
¥ 3 or more doses of polio vaccine; oral polio vaccine (OPV) or inactivated polio vaccine (IPV) or any combination of these.
‡ 2 doses of measles-mumps-rubella vaccine.
‡‡ 3 or more doses of Hepatitis B vaccine.
¶ 1 or more doses of varicella at or after child's first birthday, unadjusted for history of varicella illness.
¶¶ Fall reports were due October 15, 2016 and reporting closed on December 15, 2016.
